KURZWEIL 3000 PRODUCTS

Kurzweil 3000 Web License Subscription

A yearly subscription to licenses that includes several components working together to support students wherever they are and on whatever device they are using.

One Login to Access Everything

Kurzweil 3000 for Windows and Macintosh Installed Application

- Install on your Windows or Mac desktop or laptop

Kurzweil 3000 for Web Browsers - <http://www.Kurzweil3000.com/>

- Access from any web browser connected to the internet

Kurzweil 3000 Universal Library

- Store your k3000 documents here
- Share between students and teachers
- Access from the Installed Application, Web App and iPad for access anywhere anytime you are connected to the internet.

Kurzweil 3000 Read the Web extension

- Add to Chrome, Edge or Firefox web browsers for Text to Speech (TTS) access to content on the fly

Kurzweil 3000 Network

Concurrent licenses shared across a LAN (local area network)

Includes Kurzweil 3000 for Windows and Macintosh Installed Client ONLY

Kurzweil 3000 Read the Web extension

- Add to Chrome, Edge or Firefox web browsers for TTS access to content on the fly

Kurzweil 3000 Standalone

Individual licenses

Includes Kurzweil 3000 for Windows and Macintosh Installed Client ONLY

Kurzweil 3000 Read the Web extension

- Add to Chrome, Edge or Firefox web browsers for TTS access to content on the fly

OPEN / SIGN IN

STAND ALONE

Double Click the Kurzweil 3000 icon on your desktop.

NETWORK

Double Click the Kurzweil 3000 icon on your desktop. If a license is available log in is completed.

If all licenses are in use a message will popup and let you know. (Wait for one to become available.)

LOGIN (Web License Subscription Only):

Username and password is the same for ALL Kurzweil 3000 Subscription components.

Kurzweil site administrators – login is emailed to you in your welcome package from Kurzweil’s Customer Service team.

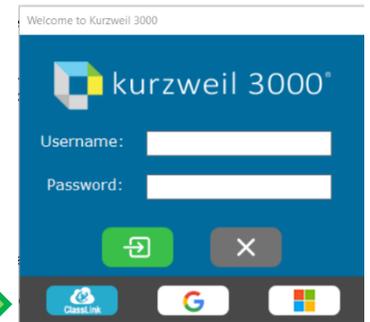

Teachers and students – check with your school/district Kurzweil site administrator to have a profile created. They will give you the login information or you will receive it in an email.

SINGLE SIGN ON (SSO)

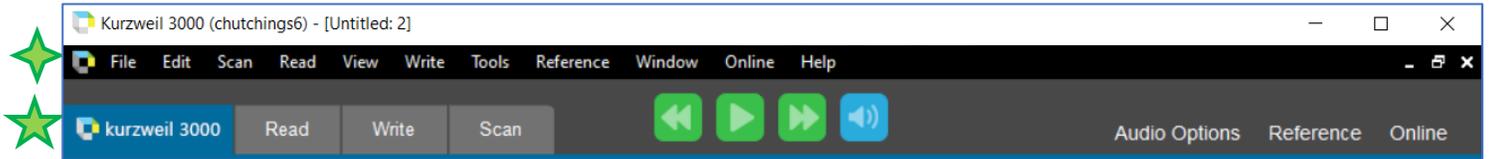

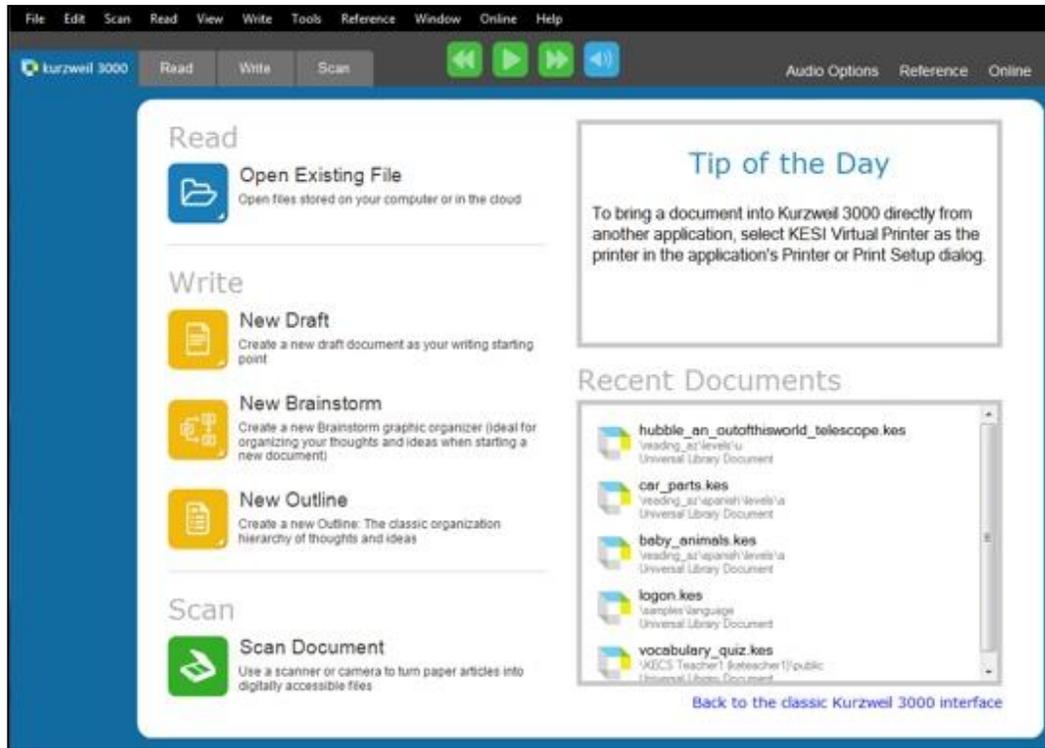

- If your institution has implemented SSO your profile will be created when you click on the appropriate sign in button.
- The first time you may be asked to allow the software access permissions (varies by system.)
- Subsequent logins, click on the same button.

Note: Only the button related to your institution will show. ClassLink, Google and Microsoft all show here for demonstration purposes.

Note: This process can vary both by system used and individual school set up so it may vary some from steps above.

KURZWEIL 3000 – (HOME TAB)

Kurzweil for Windows is designed to feel familiar like a web page.

- ★ The program can be used completely from the drop-down menus across the top and with keyboard hot keys
- ★ The Tabs allow you to move between functions while minimizing the number of tools showing on each page.

ACCESS CONTENT

Kurzweil 3000 can open a variety of files and convert them to .kes files.

From your local Computer, the Universal Library, Google Drive
or other programs

Supported Files
KESI File (*.KES)
Rich Text Format (*.RTF)
Text File (*.TXT)
MS Word Files (*.DOC)
MS Word 2007 Files (*.DOCX)
Image Files (*.TIF; *.BMP; *.JPG; *.PNG)
Adobe Acrobat Files (*.PDF)
Daisy (*.OPF)
Compressed DAISY (*.BKS)
EPUB (*.EPUB)
HTML (*.HTM; *.HTML; *.XML)
SEK (*.SEK)
All Files (*.*)

LOCAL COMPUTER

Click the **Local Computer** button to open File Explorer and
Open a file as you would from your hard drive in any other program.

THE UNIVERSAL LIBRARY (WEB LICENSE SUBSCRIPTION ONLY)

Unlimited cloud storage for your Kurzweil 3000 files in addition to some pre-loaded content:

See and open:

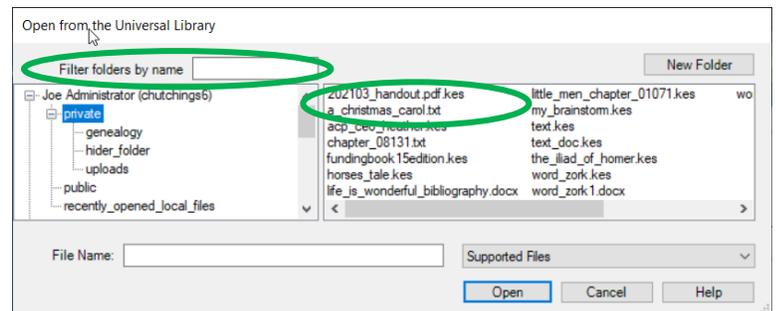

- Your Private and Public folders
- Public folders for the Top-Level admin and any teachers or students in your team.
- Students cannot see other student's folders.
- Classic Literature folder (1800+ titles)
- Help files folder
- Non-Fiction Bookbag folder containing 15 titles for grades 3 through 8
- Sample files folder
- Templates

Filter folders by last name

Type the file in name in the filter box

Open a file from a folder

- Click on your name to select
- Click the plus (+) button
- Click on the folder where the file is saved
- Choose the file from the list on the right

NOTE: Profile management is done in kurzweil3000.com

FROM DRIVES & OTHER LOCATIONS

From Google Drive

- Sign in to Google Drive via the web.
- Return to K3000 - the **Open from Google Drive** button will be displayed, click on My Drive to see files.

Bookstores/Online

Use the **Online** dropdown menu on the right or other sources such as Project Gutenberg or Access Text.

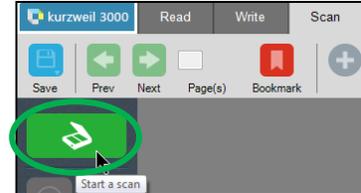

Download the book as an PDF or ePub file to your computer.

NOTE: Kindle format is not supported.

From a Scanner (connected to your computer)

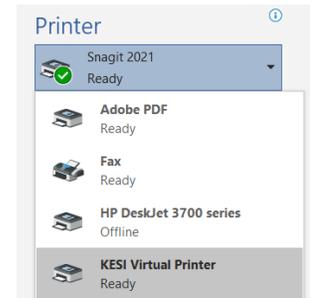

- Choose the **Scan** tab,
- Choose **Scanner Setup** button  and choose scanner
- Place the document or page on the scanner, click the **Start a Scan** button

Virtual Print – convert and import non .kesi supported documents

(Power Point, Publisher, etc.)

- Open a file in its native application
- **File > Print** and choose the **KESI Virtual Printer**
- The file will appear in K3000 to be read, saved, etc.

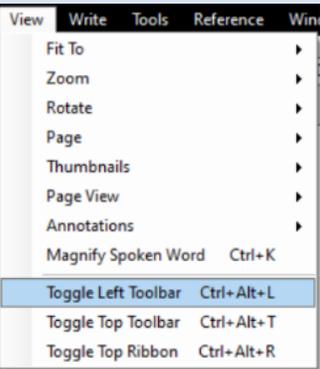

From Online File Storage - such as Dropbox, Box, etc.

- Download the file to your computer from the online storage program (such as Dropbox)
- Use the **Open from Local Computer** button or the **File menu > Open**, to locate the file

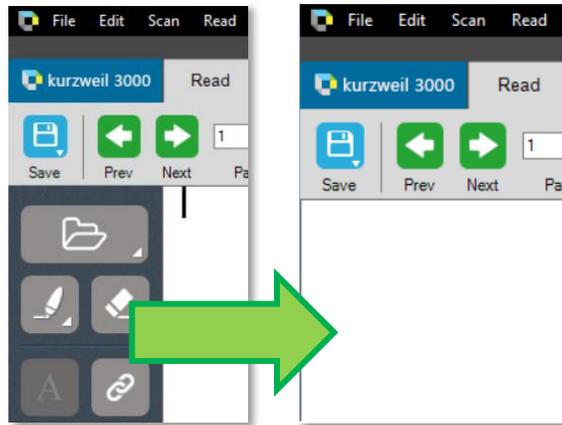

CUSTOMIZE VIEWS AND TOOL BARS

SHOW / HIDE TOOLBARS AND RIBBON

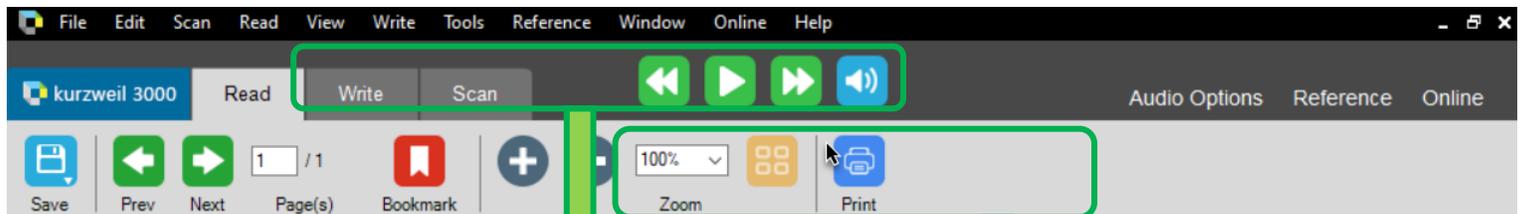

View > Toggle **Left Toolbar**

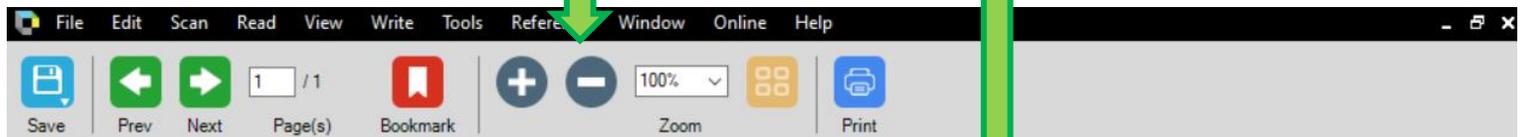

Hide/show Left Toolbar

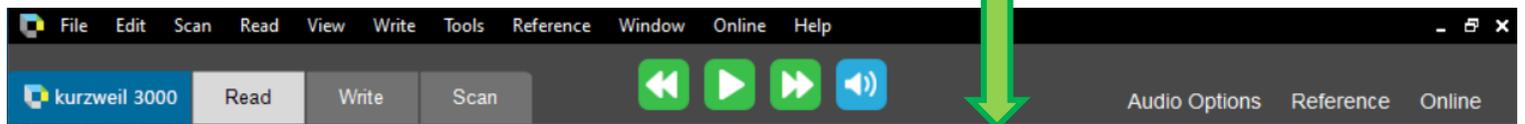

Default

View > Toggle **Top Ribbon**

View > Toggle **Top Toolbar**

Hide both

NOTE: If you are running the program using only the drop-down menus and keyboard hot keys this also clears items you don't need.

CUSTOMIZE TOOL BAR

ADD OR REMOVE buttons to only see only what you need.

To **Remove** a button right click on it and click Delete

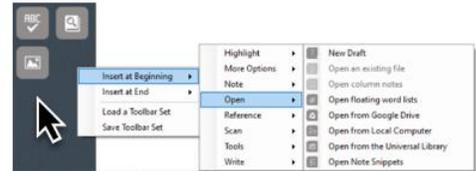

To **ADD** a button,

Right click on the **toolbar**

Select **Insert above** or **Insert Below**

Choose the tool category

Click on the desired tool

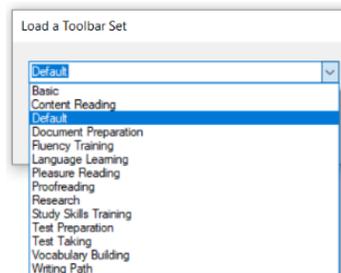

RESTORE DEFAULT TOOLBAR / LOAD A NEW TOOLBAR

Right click on **toolbar**

Choose: Load a Toolbar Set

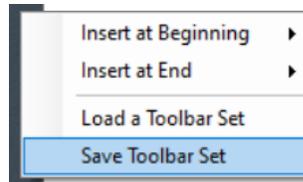

Pick toolbar set you want from dropdown menu

CREATE A CUSTOM TOOLBAR SET

Right click on **toolbar**

Choose: Save Toolbar Set

- Click word to lookup
- Click **Online**
- Click **Online Reference**
- Choose source to search (Wikipedia, Medical dictionary, etc.)
- Click Search

Article will open in a new window in kurzweil

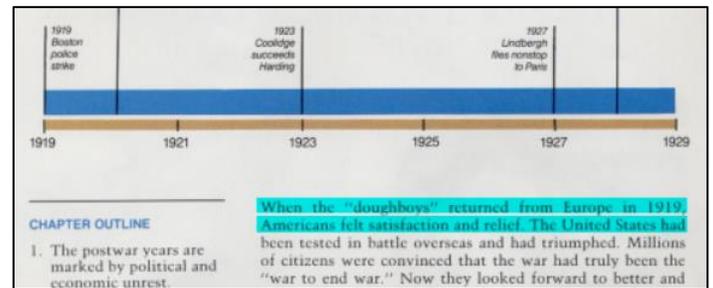

ONLINE HISTORY

See list of searched words

TRANSLATE

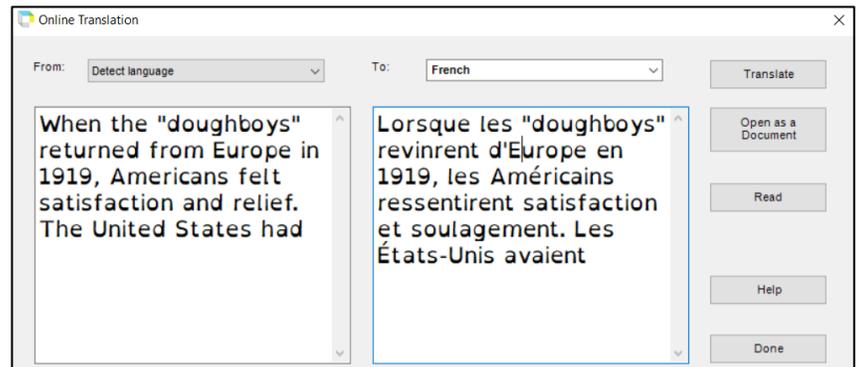

Powered by Google Translate with some kurzweil magic.

- Highlight the selection of text you would like translated.
- In the **Online** dropdown click the **Translate** button
- Select 'From' language (if needed) and 'To' language
- Click **Translate**
- Click **Read** to hear the text (12 languages)
- or Click **Open as new Document** to create a new document of the translation.
 - Save the new document.

NOTE: Also great for translating documents to share non-legal documents with students, parents and other members of the team.

WRITTEN TRANSLATION IN OVER 100 LANUGAGES

TWO DOCUMENT TYPES: TEXT AND IMAGE

TEXT DOCUMENT

- Contains text data (think MS Word or Google Docs)
- Open an existing text file or create one in Kurzweil 3000 by typing or extracting text
- Create Brainstorms and Outlines
- Use Speech to Text
- Students can edit and format content

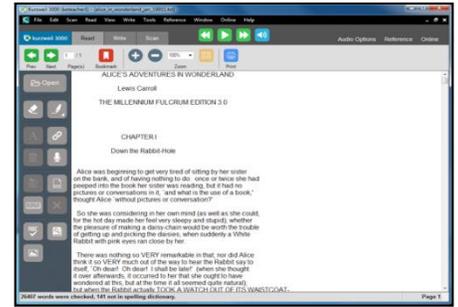

IMAGE DOCUMENT

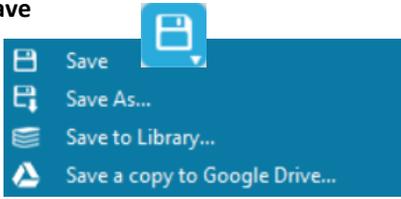

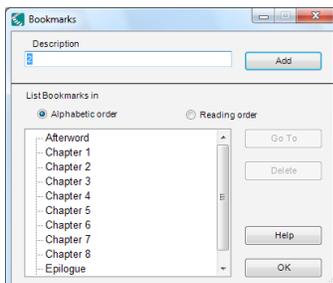

- Exact image of page (text, pictures, graphics) and underlying text
- Load documents from scanning, virtual printer, downloads or your phone
- Examples include PDF, JPEG, HTML, screenshots
- Image is not changeable
- Add notes and bookmarks
- Zoom in and out for easy reading

	TEXT DOCUMENTS	IMAGE DOCUMENTS
Description and File Creation	Created by typing in text, opening an existing text or word processing file, or extracting text or annotations or highlights within a Kurzweil 3000 image document	Image documents are generated by scanning, virtual printing or opening a PDF. These files contain two layers: The image , is a picture of the page that you see on the screen can include text, pictures, and graphics The underlying text , which is the set of words that Kurzweil 3000 reads. (You do not see this data)
Purpose	Students can create, edit and format text documents for study guides and to complete writing assignments.	Used for print-based materials that need to be read aloud; and for curriculum content that includes graphics or images that support the text.
Supported Editing Features	Cut/Paste, insert page breaks, Text formatting - font, size, style, line spacing, word spacing	You cannot change the format of the picture layer of image documents. You can change the underlying reading order and underlying text using Zone Editor and Edit Underlying Text.
Supported Study Skills Features	Highlights, Bookmarks, Voice Notes, Footnotes and Bubble Notes.	Highlights, Bookmarks, Voice Notes, Footnotes, Text Notes, Sticky Notes, Fill in the Blanks Bubble Notes

OTHER COOL TOOLS

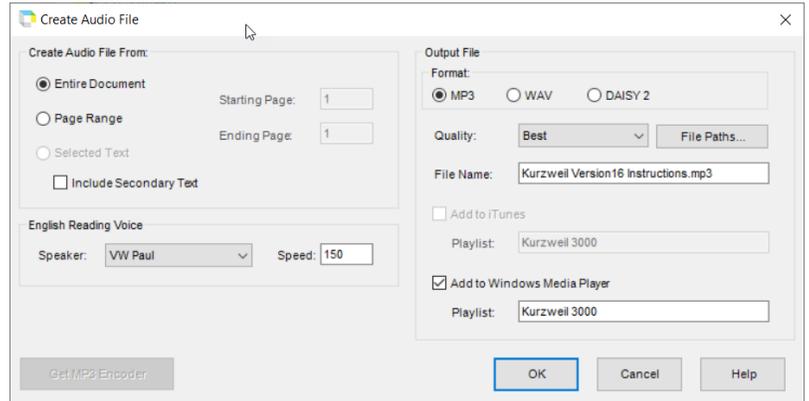

CREATE AUDIO FILES

File > Audio Files > Create Audio File

Open a Zoned book,

Open the Audio File Creator

Primary zones only or Primary and Secondary

SPEAK BUTTONS

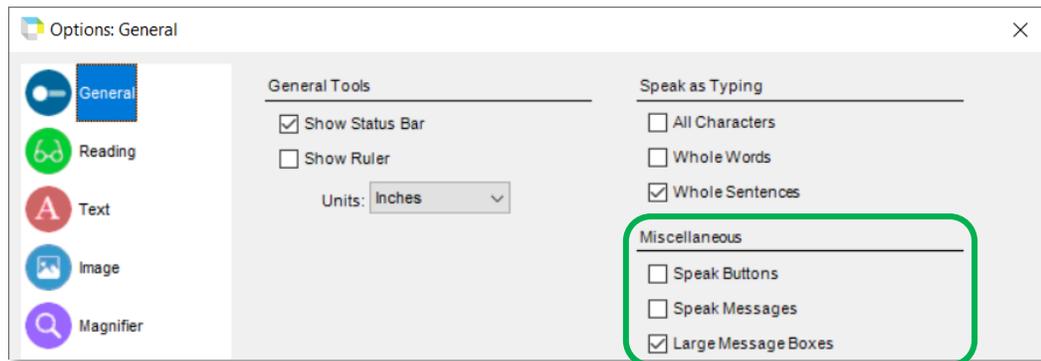

Tools > Options > Options General

Great tool to help those who are visually impaired or blind.

The software will read

names of buttons the mouse hovers over

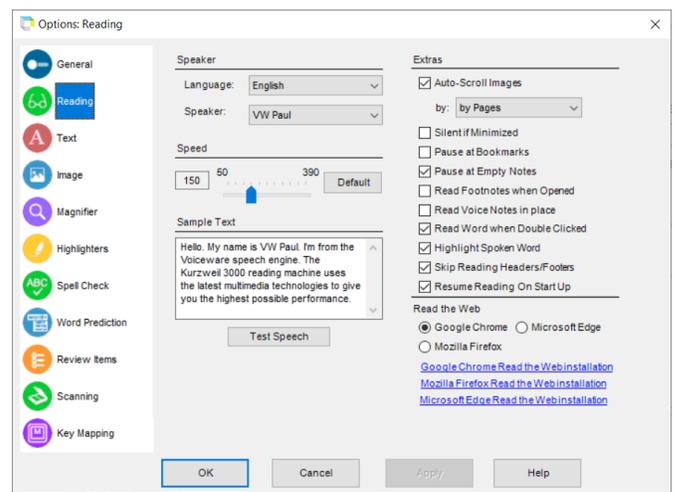

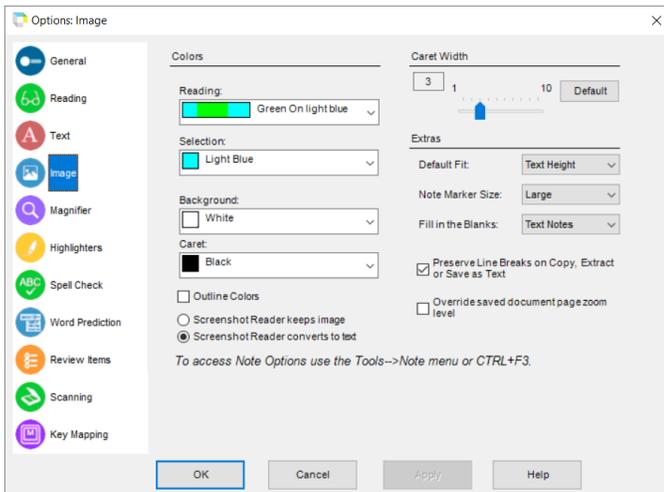

Menu names and items, sub-menu items

EXTREME CUSTOMIZATION

Tools > Options

Customize dozens of items in kurzweil to make it truly match your learning style and needs.

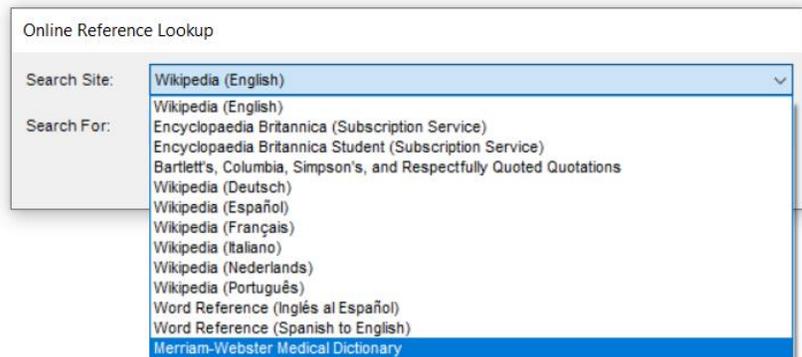

MEDICAL DICTIONARY

Online > Online Reference > Dropdown

- Click on word to lookup
- Click 'Online' menu
- Click 'Online Reference'
- From dropdown check Medical Dictionary.

After each use the last reference material will move to

KURZWEIL TASK BAR

The taskbar is desktop based and is great for reading text from any program.

For any text showing on the screen, if it can be highlighted and dragged drop it in the read box.

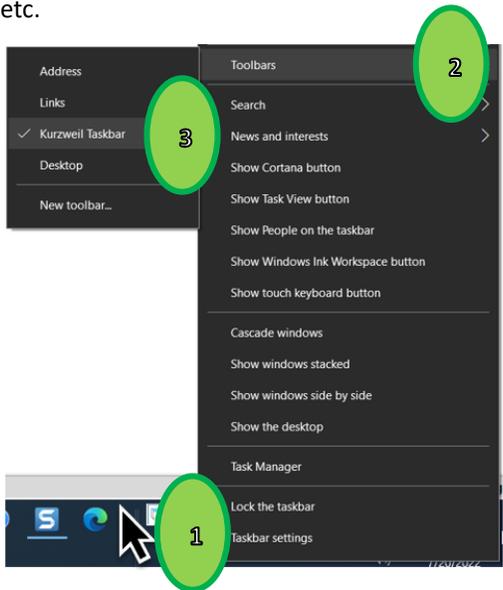

If the text will not drag, use the image capture to read it.

In in programs like, PowerPoint, email, Google Docs, Excel etc.

TO ACTIVATE

1. Right click on program toolbar at the bottom (side) of your screen
2. In popup menu select Toolbars
3. In secondary menu click on Kurzweil Taskbar

If you see a check the taskbar is activated. Taskbar image will appear in the program toolbar.

Drag and drop text to this box to read

Read text placed in box (can repeat if desired)

Drop a word in the read box, then look up definition

Spellcheck words dropped in box

Image capture – click image to get crosshairs, draw rectangle around text to be read, software will scan the section and use OCR to pull the text from the area.

Note: Image Capture can be used on anything that shows on your screen.

UPDATES

Online > Updates

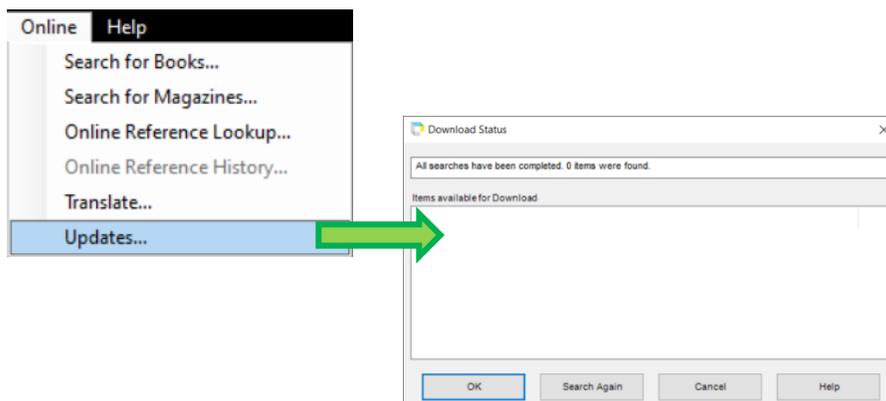

To update your software the latest version

Click 'Online' Menu

Click "Updates"

If an update shows in the window where the arrow is pointing, there is one available.

Click 'OK'
